110 ct. starter kit

Case UPC: **100 55500 01310 1**

110 ct. refill pouch

Designed for environmental services

This 12" x 12", 110-count bucket and refill system was designed with the environmental services professional in mind. The larger wipe allows you to cover more area with less effort during your cleaning and disinfecting activities. And the sturdy reusable bucket + refill pouch combo provides quick, convenient wipe replenishment and easy cart transportation.

Clorox® Commercial Solutions™ Clorox® Professional Disinfecting Bleach Wipes are heavy cloth-like wipes. The durable wipe plus surfactant and bleach work together with the user's wiping motion to provide easy, convenient one-step cleaning and disinfecting.*

Ready-to-use hospital-grade disinfectant

Clorox® Commercial Solutions™ Clorox® Professional Disinfecting Bleach Wipes meet AOAC International's efficacy testing for hospital disinfection and meet OSHA blood-borne pathogen standards. These wipes also meet the U.S. Centers for Disease Control and Prevention (CDC) recommended dilution for bleach disinfection in a ready-to-use form. Clorox® Professional Disinfecting Bleach Wipes are ready-to-use and provide convenient disinfecting with every application.*

Registered Health Canada Disinfectant

Clorox® Commercial Solutions™ Clorox® Professional Disinfecting Bleach Wipes comply with Health Canada standards for product efficacy. Use with confidence to clean and disinfect and reduce the risk of cross-contamination between surfaces.

Saves time, prevents formulation errors

Clorox® Commercial Solutions™ Clorox® Professional Disinfecting Bleach Wipes come presaturated with dilute Clorox® bleach at 0.55% (5,500 ppm) — no mixing required. Eliminating do-it-yourself formula mixing not only saves time but also assures the proper dilution strength and delivers a consistent concentration every time!

Distinctive bleach odour

Clorox® Commercial Solutions™ Clorox® Professional Disinfecting Bleach Wipes are specially formulated to provide effective disinfecting while creating only a slight bleach scent. The distinctive low bleach odour lets you know the product is working.

Includes corrosion inhibitor — can be used on many hard, non-porous surfaces

Clorox® Commercial Solutions™ Clorox® Professional Disinfecting Bleach Wipes contain an anticorrosion agent, and when used as directed, this product can be used on a variety of hard, non-porous surfaces, including stainless steel. Use these wipes to clean and disinfect bedrails, countertops, equipment surfaces and mobile devices such as IV poles, carts, BP monitors and glucometers.

*Use as directed on hard, non-porous surfaces.
